Our state is facing its worst economic crisis in memory. Jobs are hard to find and keep, and cities like Jacksonville are fighting rising crime rates. This special election, it's time to **continue the 8th District's tradition of strong leadership.**

John Thrasher served our nation in the United States Army, earning **two Bronze Stars** for his service in Vietnam. He served for eight

years in the Florida House of Representatives representing Duval and St. John's Counties, and from 1998-2000 was **Speaker of the House**, where he was **Jeb Bush's strongest ally** in the Legislature during Jeb's first term as Governor of Florida.

As Speaker, John helped Governor Bush enact **powerful and important reforms for Florida**, including an overhaul of the state's education system that **improved test scores and increased higher learning opportunities for Florida children.** Governor Bush signed balanced budgets during each year of John's

Now he's running in the upcoming special election to the Florida Senate, where he can continue to **serve our community and make a difference for the people of Florida**, just as he did as a state legislator and friend of Jeb Bush. With John Thrasher in the Senate, we can continue our efforts to get the economy moving again, bring jobs back to the 8th District, and make our communities safer.
